Sanitary Sewer Rehabilitation Work Activities Soundview Avenue Sewer Trunk Line Stamford, Connecticut

PROJECT SCHEDULE UPDATE-SEPT 29, 2014

Note:

- **Barring any weather and other operational issues the tentative schedule of activities is as below.**
- **The contractor will be working between 7:00 am and 7:00 pm, Monday through Friday. Delays may be anticipated in completing the day's activities to secure the site.**

Schedule:

1. **Sept 15, 2014 – Oct 3, 2014** –Set up and testing of the sewer bypass system. The sewage flows for the Cove Island Pumping Station in Stamford and the Nearwater Pumping Station in Darien will be diverted from the gravity line via an 18" high density polyethylene pipe placed along the center of Soundview Avenue.
2. **Oct 6, 2014 – Oct 17, 2014** – Activities related to flushing and jetting the gravity main to remove any deposits in the line prior to installing the lining.
3. **Oct 20, 2014 – Nov 7, 2014** – Sewer lining will begin starting at Wallacks Point and ending at Cummings Park. On a daily basis one or two manhole sections will be lined. Residents will be notified of minimizing the water usage a day in advance. The water supply will NOT be shut to any house.

All other changes in the City Services are as follows:

- School bus pickup and drop off will be temporarily relocated during this project.
- Garbage pickup will be on Mondays before 7:00 am.
- All emergency vehicles and services will have access to the properties.
- House cleaning services, landscaping and lawn services, and contractors working shall be permitted access.
- Mail delivery will be made by the US Postal Service.

Stamford WPCA, 111 Harbor View Ave., Stamford, CT 06902

- There will NO PARKING PERMITTED ON EITHER SIDE OF SOUNDVIEW AVENUE throughout the duration of the project. Any parked cars will be towed away at the owners' expense.
